**MASTER OF MEDICAL RADIATIONS**  
**(RADIATION THERAPY OR NUCLEAR MEDICINE)**

**COMPULSORY INFORMATION TO PROVIDE WITH YOUR APPLICATION**

THE FOLLOWING QUESTIONS ARE DESIGNED TO ASCERTAIN YOUR LEVEL OF KNOWLEDGE ABOUT THE RADIATION THERAPY/NUCLEAR MEDICINE PROFESSION AND PROVIDE THE DEPARTMENT WITH INFORMATION CONCERNING YOUR MOTIVATION AND INTEREST LEVEL IN THE COURSE

On one sheet of paper, please attach your responses with at least 250 words for each question.

1. Why have you applied to become a radiation therapist / nuclear medicine scientist?
2. Briefly discuss an aspect of radiation therapy / nuclear medicine practice that you find interesting and describe the role of the radiation therapist / nuclear medicine scientist in relation to this aspect of practice.
3. What is your concept of the radiation oncology team / nuclear medicine team, and the role of the radiation therapist / nuclear scientist in that team?
4. How would you describe your interpersonal skills when dealing with people? Please give some examples.

**AND**

It is COMPULSORY to have completed a clinical visit in order to be considered for an interview for either one of the Master of Medical Radiations courses.
