

This practice is proud to be associated with the Bariatric Surgery Registry.

This Registry tracks the outcomes and quality of all Bariatric Surgery performed across Australia and New Zealand. This allows us to ensure that we are providing the highest quality of care to you, our patients.

A letter will be sent explaining the Registry in detail after your surgery (Participant Explanatory Statement). This will also outline the nature of the OPT OFF process, and what you are required to do if you do **NOT** wish to participate. Participation is entirely voluntary and your care at this practice will not be affected by your decision.

Please speak to your surgeon or staff at reception if you have any questions.
