Seminar: Leading Transformational Change

In these challenging times for health care, incremental improvements are no longer sufficient. To meet the needs of our populations, and to keep our promises as care givers, we need to transform our systems of care to improve patient experiences, improve population health, and lower health care costs.

Presented by Maureen Bisognano, Chief Executive Officer of the Institute for Healthcare Improvement (IHI), an independent not-for-profit organization and leading innovator in health and health care improvement worldwide.

You are invited to attend this informative seminar to be held on Thursday 4 September, 2014, 2.00pm to 3.00pm
Lecture theatre 2, Monash Medical Centre, 246 Clayton Road, Clayton

About Maureen Bisognano
Maureen is a prominent authority on improving health care systems, whose expertise has been recognized by her elected membership to the Institute of Medicine of the National Academy of Sciences and by her appointment to the Commonwealth Fund’s Commission on a High Performance Health System, among other distinctions. Ms. Bisognano advises health care leaders around the world, is a frequent speaker at major health care conferences on quality improvement and is a tireless advocate for change. She is also an Instructor of Medicine at Harvard Medical School, a Research Associate in the Division of Social Medicine and Health Inequalities at the Brigham and Women’s Hospital, and serves on the Boards of the Commonwealth Fund, the ThedaCare Center for Healthcare Value and Cincinnati Children’s Hospital Medical Center.
