Peter Cameron Award for Medical Research Excellence in Emergency & Trauma

A \$500 prize awarded annually to a Monash University medical student who has completed a BMedSci (Honours) project in the field of emergency or trauma medicine through the School of Public Health and Preventive Medicine.

Applications require a one page outline of the impact of the research (including publications, presentations, ongoing work and translation).

The selection panel will review applications and advise of the successful recipient.

Applications are now open and due by:

30 November 2017

Questions and applications submit via:

etc@alfred.org.au
