## Course Information

### Course Structure
All RT Professional Practice short courses in 2014 will have only academic components. Course materials will be delivered to students via off campus distributed learning mode (i.e. distance education), there is no need to attend the University campus. Course materials will comprise paper based “lecture” notes written by experts in the field, relevant literature and references for further reading. All course materials will also be provided in electronic format via Monash Universities’ on-line learning media, MOODLE. You will receive a login and password to Moodle once your enrolment has been processed. The Department of Medical Imaging and Radiation Sciences will issue a Certificate of Course Completion upon successful completion of all of the assessment tasks.

### Admission Criteria & Course Fees
Radiation Therapists who hold current registration with the Medical Radiation Practice Board of Australia with a recommended minimum 3 to 5 years post graduate clinical experience will be eligible for admission to the course. The domestic fees will be AUD$500 per unit. Upon approval of your application your will receive written confirmation of acceptance into the course and a receipt will be issued. Please ensure you have access to journal subscriptions, as library access is not available with these non award courses.

### Course Convenor
The course convenor will be Catherine Osborne, Department of Medical Imaging and Radiation Sciences.
Email: catherine.osborne@monash.edu
Enrolments close Friday 31st January 2014.
