INFORMATION EVENING

Graduate Entry
Masters Programs
NUCLEAR MEDICINE & RADIATION THERAPY

Tuesday 21 August 2007
5.30 - 6.30 PM
Building 13A, Lecture Theatre M2

Monash University is the only university in Australia to offer graduate entry programs in the Medical Radiations disciplines of Radiation Therapy and Nuclear Medicine. These courses are studied over two years part-time. If you have completed or are about to complete an undergraduate Science or Biomedical Science degree, and have a real interest in health sciences and people, then come to this Information Evening. Course staff will be there to talk about the courses and how to apply, and clinical staff will also be available. Make the most of this great opportunity. It is not to be missed!

For more information email us at radiation.sciences@med.monash.edu.au or visit the web at http://www.med.monash.edu.au/radiography/postgrad/index.html
