

The ACT-NOW Journal Club

Loddon-Mallee Region

The Loddon-Mallee Regional Autism Coordination Team (ReACT) is continuing with a quarterly Journal Club for Early Childhood Intervention Clinicians interested in keeping abreast of current autism research and issues.

Why have a Journal Club?

Journal clubs offer the opportunity for professionals to develop their critical appraisal skills. In a journal club discussion, articles are evaluated as to their quality and also whether and how the findings can be applied to practice. Being a member of a journal club encourages professionals to set time aside to read articles, keep abreast of current research and issues and gain evidence for best practice.

Date: Tuesday 19th May, 2009

Time: 11.30am - 12.00 (Following the ReACT meeting)

You can also attend the meeting, or just join us for the Journal Club
