

# ReACT meeting and Journal Club

The Goulburn Valley Regional Autism Coordination Team (ReACT) is starting a quarterly Journal Club for Early Childhood Intervention Clinicians and others interested in keeping abreast of current autism research and issues.

## Why have a Journal Club?

Journal clubs offer the opportunity for professionals to develop their critical appraisal skills. In a journal club discussion, articles are evaluated as to their quality and also whether and how the findings can be applied to practice. Being a member of a journal club encourages professionals to set time aside to read articles, keep abreast of current research and issues and gain evidence for best practice.

**Date:** Tuesday 2<sup>nd</sup> June, 2009

**Time:** ReACT meeting: 10.00-11.30

Journal Club: 11.30-12.00

**Venue:** Room 2, School of Rural Health, Graham Street, Shepparton

**RSVP:** [Karen.speedy@dhs.vic.gov.au](mailto:Karen.speedy@dhs.vic.gov.au)

**Please note:** The Journal Club will be held immediately after the ReACT meeting. It will also be followed by the first of two case study sessions (1.00-4.00). You are welcome to join us for any part of the day, but must rsvp accordingly.
